HORIZON 2020 INFO DAY

on the 4th call of Interreg CENTRAL EUROPE

07 May 2019 | Brussels
Covent Garden

WHY ATTEND

Interreg CENTRAL EUROPE's last call for project proposals aims to capitalise on outputs and results of its funded projects. Moreover, it encourages closer coordination with new partners from other EU funding instruments such as Horizon 2020.

The Info Day focuses on the need to support lead applicants, who have initial project ideas, in their matchmaking with relevant partners from H2020/FP7.

As a result of the Info Day, research stakeholders will have:

- > Gained knowledge about the objective and procedures of the experimental fourth call
- > Gained knowledge about project ideas building on results and outputs of approved Interreg CENTRAL EUROPE projects
- > Started initial discussions about participating in a project proposal

At the same time, the Info Day will allow lead applicants to:

- > Present their project ideas and existing project results
- > Express their needs in terms of missing partners and results
- > Start discussions with potentially interested (FP7/H2020 or Interreg CE) organisations

AGENDA

10.00 | Registration
