Creating a Balcony Garden

28 Essential Tips

DIY Pallet Herb Garden

WHETHER YOU ENJOY GARDENING TO GROW VEGETABLES OR SIMPLY SITTING
OUT TO RELAX, LET'S MAKE IT HAPPEN!
HERE ARE SOME IDEAS FOR INSPIRATION:

RECOMMENDATIONS

To support greenery in the garden and on the street:

Leave space for greenery and for the water

Use permeable pavements

Develop and maintain a trench and/or a small-scale raingarden to have more surfaces for infiltration of water

Support the greenfield-maintenance of the public spaces – cooperate with the department for city-maintenance of your municipality

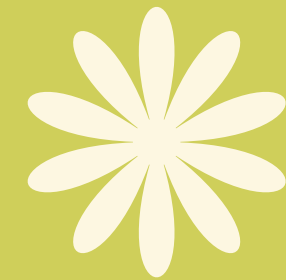

SOME TO DOS

For an easier and cheaper maintenance, **compost** biodegradable materials of your household and **collect rainwater** to get nutrients and water for your plants.

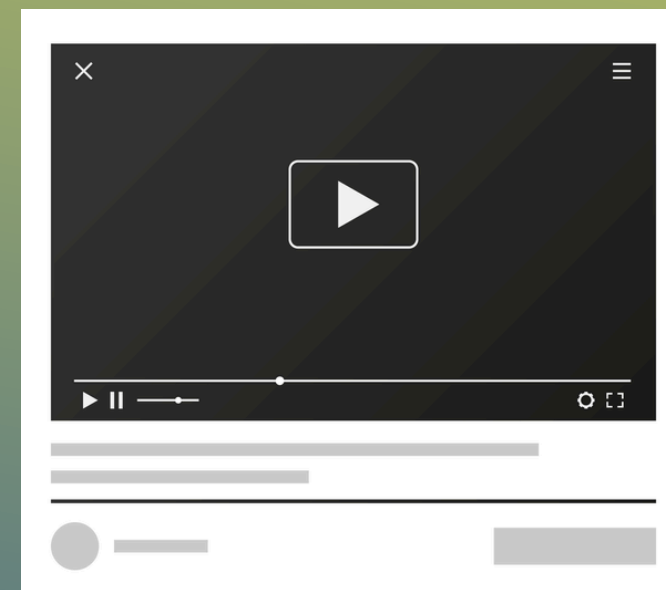

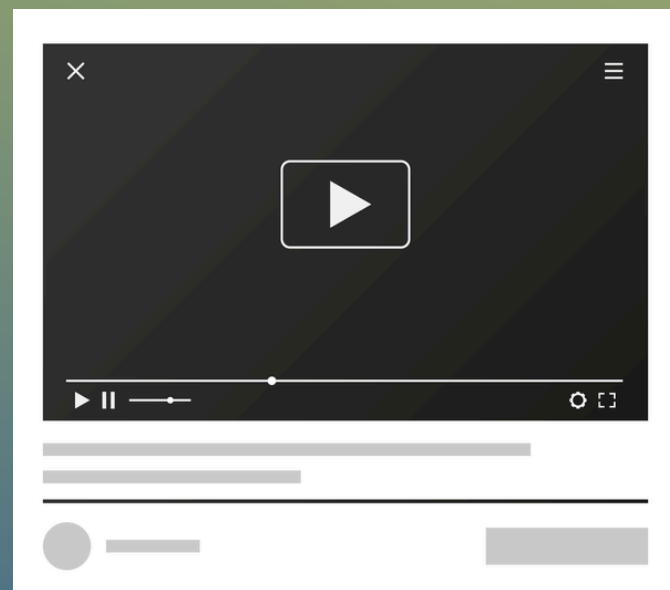

Check out these videos below!

Guide to Composting

Rainwater Collection

DIVERSITY ABOVE ALL!

Diversity will ensure the resiliency of your garden against climatic stresses, pests and pathogens. **Tips** from Missouri Botanical Garden to raise biodiversity in your garden:

Have some water (a pond)

Have plants flowering throughout the vegetation period

Compost

Be messy

Avoid pesticides and other chemicals

DID YOU GET INTO THE SPIRIT?

Check the how-to-do videos of 'one_more_farmer' project by clicking on the icons below and start greening your whole neighbourhood/city!

Organise a community and ask for space for a community garden or a pocket park from your municipality promising to maintain and take care of it!
